DETAILED ACTION

Allowable Subject Matter

1. Claims 1-8 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the prior art of the record fails to show or fairly suggest an image device for receiving an input image and producing two size-adjusted output images, the device comprising second adjusting means for performing image size adjustment using a curve interpolation on the image data to produce a second output image that is recorded on a recording medium; wherein the image size adjustment using a curve interpolation allows the second adjustment means to substantially reduce image degradation so that the second output image can be recorded with high quality, in combination with other claim elements.

Claims 2-8 are allowable for the reasons given in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
